

Voluntary Dental & Vision Individual Plans

Welcome EWU International Students!

DENTAL

Great oral health is an essential part of a healthy lifestyle. Delta Dental's individual dental insurance plans can help you maximize your oral health.

Choosing a dental insurance plan can be overwhelming—monthly premiums, annual maximums, deductibles and more leave you with a lot to consider. We want to make your decision easier by demystifying the process of selecting a plan that best fits your personal needs.

There are two practical plans to choose from starting at \$25.00 per month. The Basic Plan covers most of the preventative & cleanings and the Clear Plan also pays some of the out of pocket expenses for basic and major dental procedures.

VISION

Our goal at VSP is to help people see by providing affordable access to high-quality eye care and eyewear. An individual vision insurance plan from VSP typically saves you hundreds of dollars on your exams and glasses. That's why 72 million members are happily covered by VSP.

Take a look at what you'll get with a VSP individual insurance plan:

- Great savings on eye exam
- A dollar allowance (amount varies by plan) toward glasses and /or contacts
- Top-quality lenses covered after your affordable copay
- Savings on optional lens enhancements (features like scratch resistance, anti-glare, no-line bifocal/trifocal, and light-to-dark tinting)

Getting started is fast and easy. You can enroll online in minutes and start using your benefits within just five business days. Two plans to choose from: Basic plan under \$15.00 per month.
