**To Be Completed By The EWU Professor**

The above student has applied to participate in the Study Abroad Program. The student should provide you with a list of proposed courses and course descriptions that they wish to enroll in overseas at their host institution. Please review the following courses and the accompanying course descriptions to determine the EWU equivalent. *Note: The course description should include the estimated number of hours and/or credits but it will likely reflect the number as semester credits.*

If there are course(s) which fall within the academic focus of the department but there is not a specific EWU class which correlates to the course overseas, the course can still be approved as equivalent to Eastern credit under the title of Directed Studies.

<u><b>S.A. Course Title</b></u>	<u><b>EWU Course Equivalent</b></u>
_____	= _____ (____)credits
_____	= _____ (____)credits
_____	= _____ (____)credits
_____	= _____ (____)credits
_____	= _____ (____)credits
_____	= _____ (____)credits

I have met with the student and I approve the above courses at the overseas institution indicated. Upon the awarding of an official transcript from the host institution, the student will be given the above EWU equivalent course titles and numbers.
