

MEMORANDUM OF UNDERSTANDING

PARTNER UNIVERSITY NAME, FACULTY OF ----- (CITY, COUNTRY) AND EASTERN WASHINGTON UNIVERSITY, COLLEGE OF ----- (CHENEY, WA., USA)

On the basis of our communication and in light of our potential collaboration, the Partner University Name (Faculty of -----) and the Eastern Washington University (College of -----) have reached this understanding on academic cooperation.

1. Principles of academic cooperation

The Partner University Name (Faculty of -----) and the Eastern Washington University (College of -----) agree that the following principles are fundamental to their academic cooperation:

- a) It should be mutually beneficial.
- b) It should be based on friendly, frank and frequent communications.
- c) It should focus on areas of mutual interest in such fields as communication theory, mass communication, global communications, public relations, and journalism and could expand later to include other social and behavioral disciplines, on the basis of mutual interest and agreement.

2. Promotion of collaborative research and exchange of faculty

The Partner University Name (Faculty of -----) and the Eastern Washington University (College of -----) will periodically designate specific areas of research for collaboration. Both institutions agree to seek financial support for these cooperative activities from appropriate agencies of their respective governments. The Partner University Name (Faculty of -----) and the Eastern Washington University (College of -----) agree that the systematic exchange of faculty in designated fields would be beneficial to their successful academic cooperation.

3. Exchange of students

The Partner University Name (Faculty of -----) and the Eastern Washington University (College of -----) agree to work towards establishing a student exchange program. The details of these exchanges will be decided annually through consultation and may depend on the availability of funding.

4. Exchange of scholarly material

The Partner University Name (Faculty of -----) and the Eastern Washington University (College of -----) agree to exchange relevant scholarly books, journals, software and other technical information on a regular basis as agreed on annually through consultation.

5. Administration of the program

The coordinators of the Partner University Name (Faculty of -----) and the Eastern Washington University (College of -----) will be designated by their respective universities to take responsibility for the coordination and administration of the program.

This Memorandum of Understanding is written in English. It becomes effective immediately upon the signature of representatives of both the Partner University Name (Faculty of -----) and the Eastern Washington University (College of -----) and remains in force initially for a period of five years. An extension beyond this date will require consultation between and approval by the Partner University Name (Faculty of -----) and the Eastern Washington University (College of -----) at least six months prior to the expiration of the agreement. Parties to this MOU have the right to negate this MOU and any future addendum by informing the partner in writing six months prior to termination date.

Signatures

Only the authorized agents listed below may make changes to this MOU provided that both parties mutually agree upon such changes in writing. The Partner University Name (Faculty of -----) and the Eastern Washington University (College of -----) also may choose to provide non-binding financial and staff support to further the proposed partnership goals. Additional contractual and binding financial support and/or joint research projects may require review by the Partner University Name and Eastern Washington University counsel prior to signature of an addendum to this Memorandum of Understanding.
